

Amendments to the Specification:

Please replace paragraph 21 on page 3 with the following amended paragraph:

[0021] Figure 6 illustrates an alternative ~~value~~ valve configuration for providing operation in accordance with the invention.

Please replace paragraph 31 on page 6 with the following amended paragraph:

[0031] Figures 1-5 illustrate the system described above in 5 different modes of operation that can be called for depending upon requirements in accordance with the environmental conditions and latent and sensible capacity demands. These figures show ~~values~~ valves in open/closed position and/or open in a particular direction as well as arrows showing flow of refrigerant in each mode.
